**What others say about this ebook:**

**Review 1:**  
excellent book.

**Review 2:**  
This book was supposed to come with cards as a visual to go along with book. I feel ripped off. Buy somewhere else!!!

**Review 3:**  
By far one of the very best reads I have ever come across.

**Review 4:**  
This is the most enlightening book I ever read. It's amazing how the so call elite of Europe stole this technology from the ancient Egyptians and kept secret from the people for hundreds of years.

**Review 5:**  
I've been a student of Western Qabalah for a while and have been trying to make practical use of the Tree of Life in my daily life. However with the many veils and symbolism posed on the Sephiroth one can get a bit confused and feel bogged down by all the different terms and abstract ideas. I bought the Metu Neter Volume 1 in September 2015 but didn't read it after I bought, read and was blown away by Maat, 11 Laws of God earlier this month (March 2016). The Metu Neter brings the Tree of Life Symbol into real life. The author brings forth a clear, understandable and doable program that would help anyone cultivate high levels of Spirituality. I've seen changes in my own development and understanding from my study and application of some of the principles contain in the Metu Neter volume 1. This is the key in bringing all that I've learn in Qabalah and Hermeticism into practical use. Buy the system, meditate on this system and unfold that Divinity (The Real Self Ausar) in you into your outer life. Hotep
